

## Do you want to be part of the change? Create a new future. Start in the classroom. Be a teacher.

The Jakes Gerwel Fellowship nurtures disruptive, high impact, expert teachers. We believe that this will transform our schools to realise the full potential of our children. When all children are given the fair opportunity to learn and develop, we will create a more equitable South Africa.

After a very successful nation-wide campaign last year we were able to select our inaugural cohort of Candidate Fellows who have started their undergraduate studies at UCT and UP.

This year we are looking for another 30 amazing Grade 12s to embark on the incredible journey to become the expert teachers, education leaders and social entrepreneurs. Do you have talented Grade 12s that are up to the task?

Nominate them today and if your nomination is selected as a Candidate Fellow we'll thank you for your role by gifting you R1000! And if you work at a school, we'll also gift your school R1000 to acknowledge the crucial role they play in nurturing potential.
